Welcome to Automechanika **Johannesburg 2026**

Welcome to the 11th edition of Automechanika Johannesburg, a regional business platform connecting the automotive aftermarket professionals. suppliers, manufacturers, distributors and industry experts from South Africa and across the African region. Taking place from 27 to 29 October at Gallagher Convention Centre, this year's event brings showcase and discuss the issues shaping the automotive aftermarket. I am delighted to welcome you for three days of business, learning and connection.

The exhibition spans parts and components, accessories and customising, repair and maintenance, car care, electronics and digital solutions. Workshop owners, distributors, retailers and fleet professionals can explore everything from diagnostic equipment and workshop software to vehicle-care products and electric and hybrid technologies, while speaking directly with suppliers about the needs of their businesses.

The programme also makes space for practical and regional conversations. On 28 October, the Automotive Remanufacturers' Association Central Region Tech-Talk Conference will examine topics including diesel fuel quality, fuel injection, cooling systems and repair solutions. The Chartered Institute of Logistics and Transport regional conference, taking place on 28 and 29 October with CILT South Africa, Namibia and Zimbabwe, will address transport corridors, cross-border harmonisation, safety, skills development, new energy vehicles and digital logistics.

The MIWA SpannerTorque Pavilion will bring together 12 participating companies and organisations from across the workshop and aftermarket community including a live Backdraft Cobra car assembly demonstration which will show key components being fitted and removed. Visitors can also meet the team behind BodyShop News Africa's Student Journalist Program, which gives journalism students hands-on experience reporting on the industry.

Your visitor registration also includes access to Business Matchmaking – managed by Espresso Meet Up. By completing your profile and arranging meetings in advance, you can connect with exhibitors, buyers and other professionals whose products and expertise match your business priorities.

I would like to thank our exhibitors, sponsors, partners and visitors for their continued support. Your participation makes Automechanika Johannesburg a valuable meeting place for the automotive industry and helps build the relationships that move businesses forward.

I wish you a productive and enjoyable Automechanika Johannesburg 2026.

Kind regards,

TRACY GOUNDEN
Business Development and Portfolio Director
