South Africa's leading international trade fair for the automotive aftermarket industry targeting trade visitors from the sub-Saharan region

Automechanika Johannesburg has solidified its place in the market as the leading and largest automotive aftermarket trade fair on the African continent.

The eight edition of the event is set to take place from 5 - 7 September 2023 at Johannesburg Expo Centre Nasrec.

Organised by Messe Frankfurt South Africa, a subsidiary of Messe Frankfurt Exhibition GmbH, a team of experienced industry specialists are on hand to assist you in your exhibition needs and to provide you with the advice and assistance you require to optimise your exhibition experience.

Top 5 reasons to exhibit

1. **Generate sales leads** – interact, face-to-face, with buyers, many of whom might not be aware of your company and its products and services.
2. **Launch products and solutions** – exhibitions provide the perfect platform to launch your latest products and innovative solutions to a captive audience of potential buyers.
3. **Tap into an extensive pre-show marketing campaign** including: digital marketing, radio, posters, PR and advertising in all of the key trade publications.
4. **Network and sell to buyers from the sub-Saharan market** – this is a perfect opportunity to engage with the industry and boost sales. Many exhibitors in 2022 commented on their ability to generate sales during and after the event.
5. **Automechanika academy** – with a range of industry hosted conferences, workshops and competitions taking place alongside the event, the event attracts key players in the industry, wanting to stay up-to-date with the latest trends and innovations in the industry.

“Great opportunity to get out post-COVID, I think people are desperate to engage with each other again. It has been great to see our customers on a big platform like this and also to have the opportunity to meet new ones”

- Lance

“We found this show very productive, we were very happy with the quality of people engaging with us at our stand. Also, the B2B meetings we’ve had was very fruitful, we have gained a lot of business prospects”

- Shell

“We found this show very productive, we were very happy with the quality of people engaging with us at our stand. Also, the B2B meetings we’ve had was very fruitful, we have gained a lot of business prospects”

- Shell

“I have been extremely, extremely happy with the turnout this year, we have generated a lot of inquiries and leads”

- Bulldog

Participate in a unique business opportunity, offering an unsurpassed value proposition.
